

CLAIMS

We claim:

1. A combined fabric wrap and carry bag comprising:
 - a first piece of fabric having at least a first corner;
 - 5 a separate second piece of fabric smaller than the first piece, overlapped on the first piece and affixed to the first piece on all but one free edge to form a first pocket having a mouth; and,
 - at least one carrying strap having at least one end affixed at least proximal the mouth,
 - 10 whereby the second piece of fabric inverts inside-out relative to the first piece of fabric to form with at least a portion of the first corner of the first piece of fabric a carry bag into which a remainder of the first piece of fabric may be inserted.
2. The combined fabric wrap and carry bag of claim 1, wherein at least the first piece of fabric displays graphic designs.
- 15 3. The combined fabric wrap and carry bag of claim 1, wherein the at least one carrying strap is a shoulder strap.
4. The combined fabric wrap and carry bag of claim 1, wherein the at least one carrying strap is a handle.
5. The combined fabric wrap and carry bag of claim 1, wherein at least the first piece of
20 fabric is fabricated from a water-absorbing fabric.
6. The combined fabric wrap and carry bag of claim 1, wherein the fabric wrap is a towel.
7. The combined fabric wrap and carry bag of claim 1, wherein at least the first piece of fabric is fabricated from a heat-retaining fabric.
8. The combined fabric wrap and carry bag of claim 1, wherein the fabric wrap is a
25 blanket.
9. The combined fabric wrap and carry bag of claim 1, further comprising a drawstring installed along the one free edge of the second piece of fabric and along a proximal first free edge of the first piece of fabric.
10. The combined fabric wrap and carry bag of claim 1, wherein a second end of the at least
30 one carrying strap is captured between the first piece of fabric and the second piece of fabric.
11. The combined fabric wrap and carry bag of claim 1, further comprising a second carrying strap affixed at a first end to the one of the first piece of fabric and second piece of

fabric proximal the free edge of the second piece of fabric and at a second end between the first piece of fabric and the second piece of fabric.

12. The combined fabric wrap and carry bag of claim 10, wherein the second end of the at least one carrying strap is captured inside the mouth.

5 13. The combined fabric wrap and carry bag of claim 10, wherein the second end of the at least one carrying strap is captured inside the carry bag.

14. The combined fabric wrap and carrying bag of claim 1, in combination with a pillow sized to fit into the first pocket.

15. The combination of claim 14, wherein the pillow is inflatable.

10 16. The combined fabric wrap and carrying bag of claim 1, further comprising a second pocket attached to the first piece proximate a second free edge of the first piece, the second free edge being opposite a first free edge of the first piece proximate the first free edge of the second piece.

15 17. The combined fabric wrap and carry bag of claim 16, wherein the second pocket extends away from the first piece of fabric and the second free edge.

18. The combined fabric wrap and carrying bag of claim 17, in combination with an inflatable pillow sized to fit completely into the second pocket.

19. A combined fabric wrap and carry bag comprising:

a first piece of fabric having at least a first corner;

20 a separate second piece of fabric smaller than the first piece, overlapped on the first piece and affixed to the first piece on all but one free edge to form a pocket; and,

at least one carrying strap having at least one end affixed at least proximal an opening of the pocket,

25 whereby in a first configuration the second piece of fabric inverts inside-out relative to the first piece of fabric to form with at least a portion of the first corner of the first piece of fabric a carry bag into which a remainder of the first piece of fabric may be inserted and in a second configuration the first piece of fabric may be spread out on a supporting surface with the second piece of fabric overlapping only the first corner of the first piece of fabric.

20. The combined fabric wrap and carrying bag of claim 19, further comprising a pillow whereby the pillow may be inserted into the pocket.

21. The combined fabric wrap and carrying bag of claim 20, wherein the pillow is inflatable.

22. A combined fabric wrap and carry bag comprising:
- a first piece of fabric having an outer perimeter;
 - a separate second piece of fabric smaller than the first piece, overlapped on the first piece proximal to the outer perimeter and affixed to the first piece on all but one free edge to form a first pocket;
 - at least a third piece of fabric smaller than the first piece, affixed to the first piece to form a second pocket; and,
 - at least one carrying strap having at least one end affixed at least proximal an opening of the first pocket,
 - whereby the second piece of fabric inverts inside-out relative to the first piece of fabric to form with a portion of the first corner of the first piece of fabric a carry bag into which a remainder of the first piece of fabric may be inserted.
23. The combined fabric wrap and carry bag of claim 22, further comprising a pillow wherein the pillow may be inserted into one of the first pocket and the second pocket.
24. The combined fabric wrap and carry bag of claim 22, wherein the second pocket includes at least one closure.
25. The combined fabric wrap and carry bag of claim 24, wherein the at least one closure is selected from the group consisting of zippers, buttons and hook and loop fabric fasteners.
26. The combined fabric wrap and carry bag of claim 23, wherein the pillow is inflatable.
27. The combined fabric wrap and carry bag of claim 22, wherein the first piece of fabric has at least a first corner and wherein the second piece of fabric forms the first pocket at the first corner.
28. A combined fabric wrap and carry bag comprising:
- a first piece of fabric having an outer perimeter;
 - a first pocket smaller than the first piece of fabric, affixed along an edge of the pocket to the outer perimeter so as to extend outwardly from the outer perimeter; and,
 - at least one carrying strap having at least one end affixed at least proximal an opening of the first pocket,
 - whereby the first pocket forms a carry bag into which the first piece of fabric may be inserted.
29. The combined fabric wrap and carry bag of claim 28, wherein the first pocket is formed from at least a second piece of fabric.

30. The combined fabric wrap and carry bag of claim 28, further comprising:

a separate second piece of fabric smaller than the first piece, overlapped on the first piece proximal to the outer perimeter and affixed to the first piece on all but one free edge to form a second pocket;

5 whereby the second piece of fabric inverts inside-out relative to the first piece of fabric to form with a portion of the first corner of the first piece of fabric a second carry bag into which the first pocket and a remainder of the first piece of fabric may be inserted.

31. The combined fabric wrap and carry bag of claim 28, wherein the first pocket includes a closure.

10 32. The combined fabric wrap and carry bag of claim 31, wherein the first pocket closure includes a drawstring.

33. The combined fabric wrap and carry bag of claim 28, wherein the first pocket has at least one end secured to the first piece proximal the outer perimeter so as to extend outwardly from the outer perimeter.

15 34. The combined fabric wrap and carry bag of claim 33, wherein the first pocket has a mouth on a side of the pocket other than at the one end secured to the first piece.

38. The combined fabric wrap and carry bag of claim 30, wherein the first piece of fabric is generally rectangular with four side edges and wherein the first pocket and the second piece of fabric are proximal different side edges.

20 39. The combined fabric wrap and carry bag of claim 30, wherein the first pocket and the second piece of fabric are located proximal opposite side edges of the first piece of fabric.
